TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a Quayle action. If any of above boxes 1. to 4. are checked, the correction required is only the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121.

Extensions of time are available under 37 CFR 1.136(a) only if the non-compliant amendment is a non-final amendment or an amendment filed in response to a Quayle action.

Failure to timely respond to this notice will result in:

Abandonment of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a Quayle action; or

Non-entry of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 4(e) Other: The applicant discloses that claims 1, 14, and 21 have been amended to include the allowable subject matter of claims 8 and 15. However, looking at the claims filed on 10/06/06, it does not appear that the amendments were based on the previous filed claims on 06/15/06. For example, some of the limitations in the claims on 06/15/06, such as "wherein the drip plate is formed so as not to allow fluid to pass through from the second side to the first side;" are nowhere to be found in the current claims. There are also no lines indicating that limitations were either added to or deleted from the claims. The examiner believes that the claims should have been marked as "Currently amended" as opposed to "Previously Presented".
